

# A MULTI-SENSORY EXPERIENCE

Music that follows  
your movement  
and touch

## *Feel calm and relaxed – also in care situations*

### *More than a music cushion*

The combination of the unique music universe, soft vibrations and appealing tactile details stimulate your senses.

### *Easy to use*

No confusing buttons.  
A simple touch awakens the music.

### *Feel the music*

The soft surface hides advanced patented sensor technology and AI software that transforms your movement and touch into music.

The **inmu** is ideal for reducing unease, frustration, anxiety and loneliness, diverting attention and improving sleep.

*The inmu is unique for therapy  
– it brings joy to body and brain*
